

## Request Refills On-Line

With Family Health Care Pharmacy's RefillRX page, you have access at your fingertips! This website/app allows you to register, login and refill your active prescriptions with your pharmacy. It will even remind you when it's time to refill. It is an online portal used to fill your active prescriptions and does not save any of your identifying information online. And the best part— it's free! There is absolutely no cost for our customers to utilize the online refill system. Your prescriptions are submitted in a secure, hassle-free way while saving no identifying information online.

**Sign up at:**

## Because We're Non-Profit, We Can Help You Save!

Our pharmacies are open to the both patients and the community. Special pricing is available for our patients and for those who are underinsured or uninsured. We accept most insurances, including Medicare and Medicaid.

As a Federally Qualified Health Center, our pharmacies are eligible for discounts from pharmaceutical companies and we pass these savings directly on to you. Family Health Care, Great Lakes Family Care and their entities are accredited by NCQA and PCMH compliant.

## How do I Qualify for Savings?

Your only requirements are:

- You are a patient at Family Health Care or Great Lakes Family Care.
- You qualify for federal government income guidelines.
- Complete an application and provide proof of income.

## Take Time to Compare

By comparing, you'll find:

- We are located right down the hall from your provider which allows us to fill your prescriptions and gain approvals quickly.
- We work directly with your provider, finding you the best medications at the lowest cost.
- We double-check every prescription for possible drug interactions with other prescriptions or over-the-counter medications you may be taking.
- Our pharmacies offer the best prices in town, because we can buy them at reduced prices and share that savings with you.
- You can request your prescription refills via app or online.

## We're Here For You

Our Pharmacists are happy to help you in a series of different ways, including:

- Reviewing your medications for drug or food interactions.
- Suggesting a new medication which may work better with your body and your health challenges.
- Smoking Cessation counseling and education on kicking the habit.
- Setting a goal to complete each prescription within 20 minutes or less.
- Discussing your options for receiving free or discounted medication.
- Providing vaccines to those who qualify.

We'll *always* make  
time for you.
